ACCOMMODATION

The home sits in extensive grounds which are attractively landscaped with a variety of trees and shrubs and well-furnished patio areas affording pleasant areas to walk and sit in.

We offer accommodation for 28 long term residents & 2 short term residents, both male and female. Each room is a single room, some with en-suite facilities and telephone points. Both short term breaks and long term stays are possible.

LOUNGES

There are a number of large lounges, one of which is set aside for smokers and each lounge has a T.V.

YOUR CARE

Before you arrive at the home a person called a Care Manager will have talked to you and your family about your needs and, with your agreement, made the arrangements for you to be able to come here. If you are interested in making this your home, you will have the opportunity to spend the day with us.

After you arrive at Beatrice Webb, the Care Manager will keep in touch to see that your needs are being met in the home. If your needs change or you want to talk to them we can help you get in contact.

KEYWORKER

A Keyworker is a member of the care staff who has particular responsibilities towards you. During your first few weeks they will make a special effort to help you settle in. They will ask you about what things you can do for yourself and what you need help with and about your likes and dislikes. The Keyworker will make a written Service Plan so that you will get consistent care from all staff.

This Service Plan is updated by yourself and the Keyworker as changes occur. The care staff will work in partnership with you but they will not necessarily 'do' everything for you. Your Keyworker will assist with practical things such as bathing and see that your laundry is done. They will also be a point of contact for your friends and family.
