

## **PROSIECT GWYRDD'S PUBLIC INFORMATION CAMPAIGN BEGINS**

Following Prosiect Gwyrdd advertising the requirements of the partnership to the private sector, the Project is now starting the public education campaign. Information road shows will be held in each Council area to introduce the aim and possible options that may be available to treat residual waste, after recycling and composting has been maximised in each area.

The road shows will take place during December with a further road show in each Council area during January/February 2010. Information boards will be displayed for the public to view with experienced staff on hand to answer questions from the public.

### **Road-shows 2009**
