

EQUALITY IMPACT ASSESSMENT FORM

October 2018

THE COUNCIL'S EQUALITIES STATEMENT

This Council recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within and between our communities, residents, elected members, job applicants and workforce.

We will also work to create equal access for everyone to our services, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh language, BSL or other languages, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.

The Council is required to have due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010
- advance equality of opportunity between people who share a relevant protected characteristic and those who do not
- foster good relations between people who share a protected characteristic and those who do not.

The Act explains that having due regard for advancing equality involves:

- removing or minimising disadvantages experienced by people due to their protected characteristics
- taking steps to meet the needs of people from protected groups where these are different from the needs of other people
- encouraging people with protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

The protected characteristics are:

- Age
- Disability
- Gender Re-assignment
- Marriage and Civil Partnership
- Pregnancy and Maternity
- Race
- Religion, Belief or Non-Belief
- Sex
- Sexual Orientation
- Welsh Language*

* The Welsh language is not identified as a protected characteristic under the Equality Act 2010, however in Wales we also have to treat Welsh and English on an equal basis as well as promoting and facilitating the use of the Welsh language.

Further advice on completing impact assessments can be found on the equalities pages of Corporate Policy Unit Portal.

THE EQUALITY IMPACT ASSESSMENT

NAME OF NEW OR REVISED PROPOSAL *	Bowling Green Rationalisation Programme
DIRECTORATE	Communities
SERVICE AREA	Green Spaces & Transport
CONTACT OFFICER	Michael Headington
DATE FOR NEXT REVIEW OR REVISION	

***Throughout this Equalities Impact Assessment Form, ‘proposal’ is used to refer to what is being assessed, and therefore includes policies, strategies, functions, procedures, practices, initiatives, projects and savings proposals.**

The aim of an Equality Impact Assessment (EIA) is to ensure that Equalities and Welsh Language issues have been proactively considered throughout the decision making processes governing work undertaken by every service area in the Council as well as work done at a corporate level.

The Council’s work across Equalities, Welsh Language and Human Rights is covered in more detail through the [Equalities and Welsh Language Objectives and Action Plan 2016-2020](#).

When carrying out an EIA you should consider both the positive and negative consequences of your proposals. If a project is designed for a specific group e.g. disabled people, you also need to think about what potential effects it could have on other areas e.g. young people with a disability, BME people with a disability.

There are a number of supporting guidance documents available on the [Corporate Policy Unit Portal](#) and the Council’s Equalities and Welsh Language team can provide advice as the EIA is being developed. Please note that the team does not write EIAs on behalf of service areas, the support offered is in the form of advice, suggestions and in effect, quality control.

Contact equalities@caerphilly.gov.uk for assistance.

PURPOSE OF THE PROPOSAL

1	<p>What is the proposal intended to achieve? <i>(Please give a brief description and outline the purpose of the new or updated proposal by way of introduction.)</i></p> <p>In 2016, as part of the Council's Medium Term Financial Plan, the Authority entered into self management agreements with twenty bowls clubs across the county borough. Part of the scheme involved the payment of an annual grant to assist clubs to undertake non-specialist tasks identified in the agreement (opening, closing and cleaning of the building, litter picking, brushing the bowling green etc.). In addition to the annual grant, clubs would be permitted to retain all income from their members for season ticket purchase and any ad-hoc visits by members of the general public.</p> <p>The original payment was for £2,500 (per club) which diminished by £500 per annum, this equates to £10k (per annum). Whilst continuing with the current self management agreements, this proposal offers the £10k to achieve savings as part of the overall Council's Medium Term Financial Plan target for 2019/20.</p>
2	<p>Who are the service users affected by the proposal? <i>(Who will be affected by the delivery of this proposal? e.g. staff members, the public generally, or specific sections of the public i.e. youth groups, carers, road users, people using country parks, people on benefits etc. Are there any data gaps?)</i></p> <p>The reduction in financial assistance from the Council will affect the twenty bowls clubs across the county borough that uses the facilities.</p>

IMPACT ON THE PUBLIC AND STAFF

3	<p>Does the proposal ensure that everyone has an equal access to all the services available or proposed, or benefits equally from the proposed changes, or does not lose out in greater or more severe ways due to the proposals? <i>(What has been done to examine whether or not these groups have equal access to the service, or whether they need to receive the service in a different way from other people?)</i></p> <p>As part of the self management agreement, bowls clubs have agreed to the diminishing grant, which will be used as a contribution to the overall savings target for the Council. The self management arrangement has allowed the Council to achieve significant financial savings in previous years and retain service provision within local communities. This proposal has no effect on staff.</p>
---	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

4 **Is your proposal going to affect any people or groups of people with protected characteristics?**
(Has the service delivery been examined to assess if there is any indirect effect on any groups? Could the consequences of the policy or savings proposal differ dependent upon people's protected characteristics?)

Protected Characteristic	Positive, Negative, Neutral	Relevance of the Policy or Practice
Age	Positive	Allows the Council to retain service provision within local communities.
Disability	Neutral	
Gender Reassignment	Neutral	
Marriage & Civil Partnership	Neutral	
Pregnancy and Maternity	Neutral	
Race	Neutral	
Religion & Belief	Neutral	
Sex	Neutral	
Sexual Orientation	Neutral	

5 **In line with the requirements of the Welsh Language Standards. (No.1) Regulations 2015, please note below what effects, if any (whether positive or adverse), the proposal would have on opportunities for persons to use the Welsh language, and treating the Welsh language no less favourably than the English language.**
(The specific Policy Making Standards requirements are Standard numbers 88, 89, 90, 91, 92 and 93. The full detail of each Standard is available on the Corporate Policy Unit Portal. Although it is important that what is outlined in the proposal is available in Welsh and English, please consider wider impacts on Welsh speakers.)

This proposal will not have any effect on opportunities for persons to use the Welsh language and treating the Welsh language no less favourably than the English language.

INFORMATION COLLECTION

6	<p>Please outline any evidence and / or research you have collected which supports the proposal? This can include an analysis of service users. <i>(Is this service effectively engaging with all its potential users or is there higher or lower participation of uptake by one or more protected characteristic groups? If so, what has been done to address any difference in take up of the service? Does any savings proposal include an analysis of those affected?)</i></p> <p>This proposal only affects the established bowls clubs who, via the self management agreement, assist with the delivery of the service. For any member of the general public who attends a site and play bowls, they will not be affected by this proposal.</p>
----------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

CONSULTATION

7	<p>Please outline the consultation / engagement process and outline any key findings. <i>(Include method of consultation, objectives and target audience. What steps have been taken to ensure that people from various groups have been consulted during the development of this proposal? Have you referred to the Equalities Consultation and Monitoring Guidance?)</i></p> <p>Full consultation with bowls clubs was undertaken during the inception of the self management agreements in 2015/16. The agreements were initially for two years to ensure the process operated seamlessly but the overall savings proposal is for £50K over the five years of the proposal. It is deemed that following the five year proposal, clubs would be financially viable and able to continue to operate the facility without the grant payment from the Council.</p>
----------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

MONITORING AND REVIEW

8	<p>How will the proposal be monitored? <i>(What monitoring process has been set up to assess the extent that the service is being used by all sections of the community, or that the savings proposals are achieving the intended outcomes with no adverse impact? Are comments or complaints systems set up to record issues by Equalities category to be able analyse responses from particular groups?)</i></p>
----------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p>The initial self management agreements, drawn up in 2016 were for two years to monitor the effectiveness of the scheme, which has proven very successful. There is regular dialogue with clubs to ensure any issues are dealt with quickly and effectively. The Council will be issuing letters to all clubs to formally extend the agreement for a further period of time.</p>
<p>9</p>	<p>How will the monitoring be evaluated? <i>(What methods will be used to ensure that the needs of all sections of the community are being met?)</i></p> <p>The scheme has been monitored via regular dialogue with clubs, service users and any issues or complaints raised by members of the public.</p>
<p>10</p>	<p>Have any support / guidance / training requirements been identified? <i>(Has the EIA or consultation process shown a need for awareness raising amongst staff, or identified the need for Equalities or Welsh Language training of some sort?)</i></p> <p>No support/training or guidance has been identified as a direct result of this proposal.</p>
<p>11</p>	<p>If any adverse impact has been identified, please outline any mitigation action.</p> <p>No adverse impacts have been identified.</p>
<p>12</p>	<p>What wider use will you make of this Equality Impact Assessment? <i>(What use will you make of this document i.e. as a consultation response, appendix to approval reports, publicity etc. in addition to the mandatory action shown below?)</i></p> <p>This document will be appended to a report, which will be considered by Elected Members through the budget setting process.</p>

13	<p>An equality impact assessment may have four possible outcomes, through more than one may apply to a single proposal. Please indicate the relevant outcome(s) of the impact assessment below.</p> <p style="text-align: right;">Please tick as appropriate:</p> <p>No major change – the impact assessment demonstrated that the proposal was robust; there was no potential for discrimination or adverse impact. All opportunities to promote equality have been taken. <input checked="" type="checkbox"/></p> <p>Adjust the proposal – the impact assessment identified potential problems or missed opportunities. The proposal was adjusted to remove barriers or better promote equality. <input type="checkbox"/></p> <p>Continue the proposal – the impact assessment identified the potential problems or missed opportunities to promote equality. The justification(s) for continuing with it have been clearly set out. (The justification must be included in the impact assessment and must be in line with the duty to have due regard. Compelling reasons will be needed for the most important relevant proposals.) <input type="checkbox"/></p> <p>Stop and remove the proposal – the impact assessment identified actual or potential unlawful discrimination. The proposal was stopped and removed, or changed. <input type="checkbox"/></p>
-----------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------
