Location:	Blackwood Town Centre Cameras 50 - 57 / 60 – 67 / 177 - 178 / 193 - 197	Ref:	PERM077
Assessment Carried out By:	Carl Nesling	Title:	Control Room Manager
Date of Assessment:	23/07/19		

This checklist should ideally be carried out prior to technical planning and installation of a CCTV system. This system should be reviewed annually using the appropriate review checklist.

For what purpose(s) will the CCTV be used	<p>CCTV is used in accordance with Scheme objectives</p> <p>The key objectives of the <u>Scheme</u> are:</p> <p>To preserve life and to minimise the risk and danger to the vulnerable through effective CCTV monitoring.</p> <p>To assist in the detection of crime.</p> <p>To facilitate the identification, apprehension and prosecution of offenders in relation to crime and public order.</p> <p>To assist in the restoration of tranquillity and reduction in anti-social behaviour.</p> <p>To prevent or mitigate interruptions to traffic flow (not to enforce breaches of the traffic law).</p> <p>To assist in the reduction of the fear of crime and anti-social behaviour thereby promoting the reassurance of the communities affected and promoting community regeneration throughout the region.</p>
What are the benefits it is intended to address	It is intended to benefit the residents, visitors and businesses of Blackwood in dealing with issues identified in the scheme objectives.
What are the benefits to be gained from its use	The primary objective of the Scheme is to provide a safe environment for the benefit of those who live, work, trade, visit, serve and enjoy the facilities within the areas covered by Caerphilly County Borough Council
Can less privacy intrusive solutions (e.g. improved lighting) achieve the same objective	Lighting is sufficient in the area both to benefit the users and assist in improving the quality of CCTV. No other long term solution is available to provide the coverage in both area and length of time, is available.
Do you need images of identifiable individuals or could the scheme use other images not capable of identifying individuals	<p>The Scheme Owners will maintain policies and procedures to meet the requirements of</p> <p><u>BS 7958: 2015</u></p> <p><u>BS 7499: 2013</u> (Relevant Sections)</p> <p><u>BS 7858:2012</u></p> <p>Information Commissionaires CCTV Code of Practice</p> <p>Regulation of the Investigatory Powers Act (<u>RIPA</u>)</p> <p>Human Rights Act</p> <p>Health & Safety at Work Act (<u>HSW</u>)</p> <p>Equal Opportunities Act</p>

	<p>Home Office Surveillance Camera Code of Practice Surveillance Camera Commissionaires Code of Practice.</p> <p>Images of persons are needed to be able to identify any person who commits any breaches of the scheme objectives and can be used by relevant prosecuting authorities.</p>
Will the particular equipment / system being considered deliver the desired benefits now and remain suitable in the future	The system is able to provide high quality images and the desired benefits needed to produce evidence sufficient for use by prosecuting authorities. System is modernised and updated to ensure continued high quality imagery produced.
What (if any) future demands may arise for wider use of images and how will you address these?	The main town centre area is covered along with the major roads in and out of Blackwood. Unlikely to have any permanent extensions to current system.
What are the views of those individuals (if any) who will be under surveillance	Please see Appendix 1.
What could you do to minimise intrusion for those that may be monitored, particularly if specific concerns have been expressed	Management system records all actions of operators allowing for audits of camera patrols plus privacy blocks on cameras to exclude any intrusion on private space.
Is appropriate signage informing individuals of the camera in place (if required)?	Signage installed on all roads and public entries into town centre along with signage within the town centre.
Proposed time period for installation of the CCTV	System already in place since 2000. PIA carried out in accordance with Surveillance Camera Commissionaires Code of Practice.
This section to be completed by the Data Controller / Head of Service	
Is the proposed system in accordance with the law? (Primarily the Data Protection Act and Human Rights Act)	Yes the proposed system operates in accordance with the law, British Standards and relevant Codes of Practice
Is it necessary to address a pressing need, such as public safety or crime prevention?	Blackwood Town Centre is one of our main commercial and night time economy areas. The cameras assist in both public safety and crime prevention in particular night time economy related issues and business crime.
Is it justified in the circumstances	Blackwood is one of our busier areas in terms of incidents recorded, request for assistance from Gwent Police and requests for assistance from local businesses
Is it appropriate to the problem that it is designed to deal with	Yes the camera system allows remote monitoring to support operational decisions on the ground and provide evidence of criminal breaches.
Approved by Nominated Person (signature)	Yes the proposed system operates in accordance with the law, British Standards and relevant Codes of Practice
Date: 5/7/2019	<p>Signed: Jacqui Morgan</p> 

Hi Carl

The CCTV Cameras located at Blackwood not only act as a deterrent against crime and nuisance behaviour, it also provides reassurance for members of the public and aids enforcement agencies such as the Police and Council Authority when dealing with incidents.

Kind regards

Hi Carl

I believe the CCTV to be a great resource for helping Gwent Police with issues of Crime and ASB within Blackwood Town Centre.

Thanks

The cameras have proved very useful over the past year. They helped Police during a number of enquiries including Missing Persons, thefts and damage. The positioning of the cameras helps due to the high footfall in the area. They assist in both detection and prevention of crime and disorder. I strongly believe the cameras should remain in place.

Hi

The Surveillance Camera Commissioner has put a responsibility on Local Authorities to justify any deployment of surveillance cameras via a Data Protection Impact Assessment (Previously Privacy Impact Assessment - P.I.A). Such assessments are now required before deploying any new cameras and for assessing the continuing need for existing cameras. PIA's consider whether there is a justified need for the deployment of cameras, for example serious, frequent antisocial behaviour. It also considers the impact on those subjected to the surveillance, whether such actions are proportionate to the problem they aim to address and if other less intrusive measures have been considered e.g., improved lighting, gating, warden patrols, increased police patrols etc.

The system at Blackwood is due for a review and I am contacting all relevant / interested parties for their views on CCTV to enable us to make an assessment on the continued use of CCTV. Attached are some statistical information for your area in previous 12 months 01/04/18 to 31/03/19.

Under General Data Protection Regulations 2016 and Data Protection Act 2016 we need to make you aware with how we will deal with your data. Your comments will be published as the DPIA is published document on the CCBC website under the CCTV section. Email addresses and phone numbers will be removed.
