

Caerphilly County Borough Council

Data Protection Impact Assessment Form

Location:	Fochriw – Cameras 68	Ref:	PERM063
Assessment Carried out By:	Carl Nesling	Title:	Control Room Manager
Date of Assessment:	06/02/19		

This checklist should ideally be carried out prior to technical planning and installation of a CCTV system. This system should be reviewed annually using the appropriate review checklist.

For what purpose(s) will the CCTV be used	<p>CCTV is used in accordance with Scheme objectives</p> <p>The key objectives of the <u>Scheme</u> are:</p> <p>To preserve life and to minimise the risk and danger to the vulnerable through effective CCTV monitoring.</p> <p>To assist in the detection of crime.</p> <p>To facilitate the identification, apprehension and prosecution of offenders in relation to crime and public order.</p> <p>To assist in the restoration of tranquillity and reduction in anti-social behaviour.</p> <p>To prevent or mitigate interruptions to traffic flow (not to enforce breaches of the traffic law).</p> <p>To assist in the reduction of the fear of crime and anti-social behaviour thereby promoting the reassurance of the communities affected and promoting community regeneration throughout the region.</p>
What are the benefits it is intended to address	It is intended to benefit the residents, visitors and businesses of Fochriw in dealing with issues identified in the scheme objectives.
What are the benefits to be gained from its use	The primary objective of the Scheme is to provide a safe environment for the benefit of those who live, work, trade, visit, serve and enjoy the facilities within the areas covered by Caerphilly County Borough Council
Can less privacy intrusive solutions (e.g. improved lighting) achieve the same objective	Street Lighting in the area both to benefit the users and assist in improving the quality of CCTV. No other long term solution is available to provide the coverage in both area and length of time, is available.
Do you need images of identifiable individuals or could the scheme use other images not capable of identifying individuals	<p>The Scheme Owners will maintain policies and procedures to meet the requirements of</p> <p>BS 7958: 2015</p> <p><u>BS 7499: 2013</u> (Relevant Sections)</p> <p><u>BS 7858:2012</u></p> <p>Information Commissionaires CCTV Code of Practice</p> <p>Regulation of the Investigatory Powers Act (<u>RIPA</u>)</p> <p>Human Rights Act</p> <p>Health & Safety at Work Act (<u>HSW</u>)</p> <p>Equal Opportunities Act</p> <p>Home Office Surveillance Camera Code of Practice</p> <p>Surveillance Camera Commissionaires Code of</p>

	Practice. Images of persons are needed to be able to identify any person who commits any breaches of the scheme objectives and can be used by relevant prosecuting authorities.
Will the particular equipment / system being considered deliver the desired benefits now and remain suitable in the future	The system is able to provide high quality images and the desired benefits needed to produce evidence sufficient for use by prosecuting authorities. System is modernised and updated to ensure continued high quality imagery produced.
What (if any) future demands may arise for wider use of images and how will you address these?	The main town centre area is covered. Unlikely to have any permanent extensions to current system.
What are the views of those individuals (if any) who will be under surveillance	Please see appendix 1
What could you do to minimise intrusion for those that may be monitored, particularly if specific concerns have been expressed	Management system records all actions of operators allowing for audits of camera patrols plus privacy blocks on cameras to exclude any intrusion on private space.
Is appropriate signage informing individuals of the camera in place (if required)?	Signage installed on all roads and public entries into the relevant area along with signage within the area.
Proposed time period for installation of the CCTV	System already in place since 2000. PIA carried out in accordance with Surveillance Camera Commissionaires Code of Practice.
This section to be completed by the Data Controller / Head of Service	
Is the proposed system in accordance with the law? (Primarily the Data Protection Act and Human Rights Act)	Yes the proposed system operates in accordance with the law, British Standards and relevant Codes of Practice
Is it necessary to address a pressing need, such as public safety or crime prevention?	Yes as supported by the incidents monitored etc. and responses of consultees. The cameras assist in public safety, assurance, crime prevention and antisocial behaviour issues.
Is it justified in the circumstances	Yes
Is it appropriate to the problem that it is designed to deal with	Yes
Approved by Nominated Person (signature)	J Morgan
Date: 18.2.19	Signed: 

Hi

The Surveillance Camera Commissioner has put a responsibility on Local Authorities to justify any deployment of surveillance cameras via a Data Protection Impact Assessment (Previously Privacy Impact Assessment - P.I.A). Such assessments are now required before deploying any new cameras and for assessing the continuing need for existing cameras. PIA's consider whether there is a justified need for the deployment of cameras, for example serious, frequent antisocial behaviour. It also considers the impact on those subjected to the surveillance, whether such actions are proportionate to the problem they aim to address and if other less intrusive measures have been considered e.g., improved lighting, gating, warden patrols, increased police patrols etc.

The system at Fochriw is due for a review and I am contacting all relevant / interested parties for their views on CCTV to enable us to make an assessment on the continued use of CCTV. Attached are some statistical information for your area in previous 10 months 01/04/18 to 31/01/19.

Under General Data Protection Regulations 2016 and Data Protection Act 2018 we need to make you aware with how we will deal with your data. Your comments will be published as the DPIA is published document on the CCBC website under the CCTV section. Email addresses and phone numbers will be removed.

CCTV Control Room – Fochriw

1723 targeted CCTV patrols carried out by operators

1 incident reported to police by CCTV

1 police request to view retrospective CCTV footage after incident has already occurred.

2 DVD's provided for evidential purposes.

Police.uk website

For period 01/04/18 to 31/01/19 there were 68 recorded incidents in the Fochriw area and 18 recorded incidents in or near the area of the cameras.

I would appreciate if you could confirm by return email your views on the requirement for CCTV and giving reasons why you believe it should or should not continue.

Thanks

Carl Nesling

Hi Carl

With regards to the location I find that in this area it is a deterrent to the Anti social behaviour and is a useful both to police and ourselves.

Regards

Margaret

Personal assessment

Over the past 18 months incidents that have occurred that I regard as major

Youths setting fire to the grandstand at Fochriw football ground

The village shop front being ram raided with shopfront destroyed

On both of these incidents there was not enough clarity in the filming to provide the police with enough information to carry out any arrests

From my perception of the facility it is therefore not carrying out the function that it was installed for I would therefore suggest that the function be discontinued

Have you sought the views of the Darran Valley Community council

I would also point out that a similar scheme suggested for Deri was turned down by our Highways department a number of years ago on the premise that it would not be suitable for its intended purpose

Regards

Cllr Dave Hardacre M.Sc

Hello Carl,

See attached an extract from this evening's meeting of Council. You will see Council have moved to retain.

79.3 Caerphilly CBC

Letter from Mr. Carl Nesling Assistant Community Safety Officer regarding the annual review of the surveillance camera located at Fochriw.

The Surveillance Camera Commissioner has put a responsibility on Local Authorities to justify any deployment of surveillance cameras via a Privacy Impact Assessment (PIA). Such assessments are now required before deploying any new cameras and for assessing the continuing need for existing cameras. PIA's consider whether there is a justified need for the deployment of cameras, for example serious, frequent antisocial behaviour. It also considers the impact on those subjected to the surveillance, whether such actions are proportionate to the problem they aim to address and if other less intrusive measures have been considered. Within his narrative, Mr. Nesling made reference to the following statistics relevant the Fochriw camera in the period 01/04/2018 to 31/01/2019:

- o 1723 targeted CCTV patrols carried out by Operators;
 - o 01 incidents reported to police by CCTV;
 - o 01 police requests to view retrospective CCTV footage after incident has already occurred; and
 - o 02 DVDs provided for evidential purposes.

Following discussion, Council agreed to support the continuation of this facility chiefly as a deterrent measure. Cllr. D. Hardacre abstained from the vote as he was uncertain on the impact of the camera on crime / anti-social behaviour when compared to the financial cost of retention.

As an aside, I wondered if we could have a conversation at your convenience regarding the process / associated cost with establishing additional sites for CCTV.

Kind regards and I look forward to hearing from you,

Geraint

Geraint Williams

Clerk to Darran Valley Community Council

Hi Carl,

From the Neighbourhood Policing side, I have looked at the calls and we recently dealt with a "ram raid" incident that the CCTV was utilised in, and we have calls relating to ASB in the area.

In our opinion the camera is a useful tool in this area.

Kind Regards

Paul
