Assessment Carried out By:	Carl Nesling	Title:	Assistant Community Safety Officer	
Date of Assessment:	25/10/18			

This checklist should ideally be carried out prior to technical planning and installation of a CCTV system. This system should be reviewed annually using the appropriate review checklist.

For what purpose(s) will the CCTV be used	<p>CCTV is used in accordance with Scheme objectives</p> <p>The key objectives of the <u>Scheme</u> are:</p> <p>To preserve life and to minimise the risk and danger to the vulnerable through effective CCTV monitoring.</p> <p>To assist in the detection of crime.</p> <p>To facilitate the identification, apprehension and prosecution of offenders in relation to crime and public order.</p> <p>To assist in the restoration of tranquillity and reduction in anti-social behaviour.</p> <p>To prevent or mitigate interruptions to traffic flow (not to enforce breaches of the traffic law).</p> <p>To assist in the reduction of the fear of crime and anti-social behaviour thereby promoting the reassurance of the communities affected and promoting community regeneration throughout the region.</p>
What are the benefits it is intended to address	It is intended to benefit the residents, visitors and businesses of Nelson in dealing with issues identified in the scheme objectives.
What are the benefits to be gained from its use	The primary objective of the Scheme is to provide a safe environment for the benefit of those who live, work, trade, visit, serve and enjoy the facilities within the areas covered by Caerphilly County Borough Council
Can less privacy intrusive solutions (e.g. improved lighting) achieve the same objective	Sufficient Street Lighting in the area both to benefit the users and assist in improving the quality of CCTV. No other long term solution is available to provide the coverage in both area and length of time, is available.
Do you need images of identifiable individuals or could the scheme use other images not capable of identifying individuals	<p>The Scheme Owners will maintain policies and procedures to meet the requirements of</p> <p>BS 7958: 2015</p> <p><u>BS 7499: 2013</u> (Relevant Sections)</p> <p><u>BS 7858:2012</u></p> <p>Information Commissionaires CCTV Code of Practice</p> <p>Regulation of the Investigatory Powers Act (<u>RIPA</u>)</p> <p>Human Rights Act</p> <p>Health & Safety at Work Act (<u>HSW</u>)</p> <p>Equal Opportunities Act</p> <p>Home Office Surveillance Camera Code of Practice</p>

	<p>Surveillance Camera Commissionaires Code of Practice.</p> <p>Images of persons are needed to be able to identify any person who commits any breaches of the scheme objectives and can be used by relevant prosecuting authorities.</p>
Will the particular equipment / system being considered deliver the desired benefits now and remain suitable in the future	The system is able to provide high quality images and the desired benefits needed to produce evidence sufficient for use by prosecuting authorities. System is modernised and updated to ensure continued high quality imagery produced.
What (if any) future demands may arise for wider use of images and how will you address these?	The main town centre area is covered. Unlikely to have any permanent extensions to current system.
What are the views of those individuals (if any) who will be under surveillance	Please see appendix 1
What could you do to minimise intrusion for those that may be monitored, particularly if specific concerns have been expressed	Management system records all actions of operators allowing for audits of camera patrols plus privacy blocks on cameras to exclude any intrusion on private space.
Is appropriate signage informing individuals of the camera in place (if required)?	Signage installed on all roads and public entries into town centre along with signage within the town centre.
Proposed time period for installation of the CCTV	System already in place since 2000. DPIA carried out in accordance with Surveillance Camera Commissionaires Code of Practice.
This section to be completed by the Data Controller / Head of Service	
Is the proposed system in accordance with the law? (Primarily the Data Protection Act and Human Rights Act)	Yes the proposed system operates in accordance with the law, British Standards and relevant Codes of Practice
Is it necessary to address a pressing need, such as public safety or crime prevention?	Yes as supported by the incidents monitored etc. and responses of consultees. The cameras assist in public safety, assurance, crime prevention and antisocial behaviour issues.
Is it justified in the circumstances	Yes
Is it appropriate to the problem that it is designed to deal with	Yes the proposed system operates in accordance with the law, British Standards and relevant Codes of Practice
Approved by Nominated Person (signature)	J Morgan

Hi

The Surveillance Camera Commissioner has put a responsibility on Local Authorities to justify any deployment of surveillance cameras via a Data Protection Impact Assessment (Previously Privacy Impact Assessment - P.I.A). Such assessments are now required before deploying any new cameras and for assessing the continuing need for existing cameras. PIA's consider whether there is a justified need for the deployment of cameras, for example serious, frequent antisocial behaviour. It also considers the impact on those subjected to the surveillance, whether such actions are proportionate to the problem they aim to address and if other less intrusive measures have been considered e.g., improved lighting, gating, warden patrols, increased police patrols etc.

The system at Nelson is due for a review and I am contacting all relevant / interested parties for their views on CCTV to enable us to make an assessment on the continued use of CCTV. Attached are some statistical information for your area in previous 12 months 01/04/17 to 31/03/18.

Under General Data Protection Regulations 2016 and Data Protection Act 2018 we need to make you aware with how we will deal with your data. Your comments will be published as the DPIA is a published document on the CCBC website under the CCTV section. Email addresses and phone numbers will be removed.

CCTV Control Room – Nelson

1741 targeted CCTV patrols carried out by operators
1 incidents reported to police by CCTV
21 incidents monitored by CCTV not requiring police attendance
26 police requests for assistance for live incidents
11 police requests to view retrospective CCTV footage after incident has already occurred.
8 DVD's provided for evidential purposes.

Police.uk website

For period 01/04/17 to 31/03/18 there were 379 recorded incidents in the Nelson ward and 34 recorded incidents in or near the area of the cameras.

I would appreciate if you could confirm by return email your views on the requirement for CCTV and giving reasons why you believe it should or should not continue.

Thanks

Nelson is covered by Gwent Police however borders South Wales Police. The village of Nelson is an arterial traffic route to major road networks including the A470. The CCTV is required in Nelson due to the necessity of detecting and preventing Crime. The CCTV has been required for evidential purposes and has been a requirement in monitoring live incidents. There has been a reduction in Police demand due to the CCTV being present.

I support the Cameras remain in the area.

Greg

Gwent Police

Hi Carl. I would agree with what Greg has already said in his reply really and stress the importance and value of having the CCTV cameras in Nelson.

Kind regards

Telly

Gwent Police

Hi Carl,

I concur with PC Turley's comments below. The CCTV at this location is essential in order to combat cross boarded crime.

Hi Carl

The CCTV Cameras located at Nelson not only act as a deterrent against crime and nuisance behaviour, it also provides reassurance for members of the public and aids enforcement agencies such as the Police and Council Authority when dealing with incidents.

Caerphilly Council

Good morning Carl,

I think that the statistics reflect the need for continued CCTV surveillance in Nelson.

Regards, Sean.

Hi Carl

In my view data for the previous 12 months demonstrate a continuing need for the existing cameras in Nelson. A relatively small but significant number of incidents required police intervention. I am not aware of any complaints or concerns by local residents who are covered by the surveillance and, in fact, I believe residents welcome the added security and confidence provided by the cameras.

The existing cameras remain a proportionate response to the problems encountered in the area.

Best wishes

Brenda

Hi Carl

thanks for the opportunity to comment

I would imagine that Nelson Community Council would fully support the continuation of the use of the CCTV within Nelson to aid with the detection and deterrent of crime.

I will report this request at our next meeting and if there is any decision to the contrary I will let you know.

regards

Tony
