---

#### **2. PUBLIC IMPACT ANALYSIS**

**PLEASE DESCRIBE HOW THE PROPOSED SAVING COULD IMPACT UPON THE PUBLIC:**

Consider the 5 ways of working, in particular, *long-term* implications for future generations and *preventative services*. Recognising that savings now may be needed to secure future provision, or may secure provision in another area.

**Long-term guidance:** Consider the importance of balancing short-term needs with the need to safeguard the ability to meet long-term needs.

Within Miscellaneous Finance there is a 'Capital Expenditure Funded from the Revenue Account' budget of £3,750,912. This budget is used to fund the Minimum Revenue Provision (which is the sum that the Council is required to set aside annually to repay debt) and the budget also funds a revenue contribution to the Capital Programme. It is proposed that for 2023/24 only there will be no revenue contribution to the Capital Programme resulting in a temporary saving of £1,880,711.

This proposal will have no impact on the public as the Council's current approved Capital Programme is not reliant on the 2023/24 revenue contribution. Furthermore, the Welsh Government 2023/24 Provisional Financial Settlement includes additional capital funding of £1.615m which largely offsets the proposed saving.

---

**Prevention guidance:** Consider whether the proposed saving is affecting a preventative area that reduces future burdens and supports well-being.
