Maintenance of the Contract Holder's home is a partnership with Caerphilly Homes and the Contract Holder. As with any partnership there are responsibilities, and these are set out below:

3.1 Responsibilities of the Contract Holder.

- 3.1.1 The Contract Holder is responsible for reporting repairs to Caerphilly Homes and must allow access to their home in order for the repair to be carried out. In addition, the Contract Holder must also allow access for planned/improvement works to be carried out by Caerphilly Homes where reasonable notice is provided.
- 3.1.2 If a Contract Holder is unable to fulfil an appointment for any reason, they have a responsibility to notify the Central Repairs Team (CRT) in order that alternative arrangements can be made. Should the Contract Holder fail to keep an appointment or notify the CRT, charges may be levied in accordance with the No-Access Procedure.
- 3.1.3 Contract Holders also have a duty to allow access for Caerphilly Homes to undertake an annual service of the heating system, smoke alarms and carbon monoxide detectors, along with a five yearly electrical installation condition report.
- 3.1.4 The Contract Holder is responsible for the maintenance, repair and replacement of minor items within the home, as described in the Contract Holders Handbook.
- 3.1.5 The Contract Holder is responsible for any repair of any fault, defect, damage or disrepair required to the property caused wholly or mainly by their act or omission, (or that of any person residing in or visiting the property) and for the removal and any necessary reinstatement work of any unauthorized alterations or improvements. This is explained more fully in the Rechargeable Repairs Policy.
